PHONE No. 326 - 304 LINCOLN ST.

Full Line of Greenhouse Plants from our Greenhouses

RUSSELLVILLE (ARK.) PRINTING COMPANY

D. N. Shoemaker

MAY 1 1925

Read Carefully Before Ordering

Remittances should be made with each order. Make them the way that is most convenient with you. Personal checks are good if you have cash in the bank to cover it.

MY GUARANTEE.

Everything entirely satisfactory and as good or better than represented or you may return at my expense and receive all money you have been out.

MY MOTTO.

"Quick Service; A Square Deal to All."

It is Plants we ship, not mere promises.

NON-WARRANTY.

We wish to be understood that, while we take every precaution to have all plants and bulbs true to name, we give no warrants, expressed or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop.

SUBSTITUTING.

If we should be temporarily out of any variety ordered will substitute another that is equally as good unless you state otherwise.

No Sunday Business Whatever Except Flowers for Funerals.

PRICES.

We request that you compare our prices with others. The more you investigate the better you will be pleased. A trial is all we ask.

WHEN TO ORDER.

If possible, please order in advance, stating time shipment should be made. But if you have waited until you need the plant, order and we will do our best to get your order out at once.

For Plants Worth While and Service With a Smile, send your orders to Taylor, the Florist.

Hot Bed and Pot Grown Plants

Plants from hot beds will have no soil on the roots, therefore will be much cheaper than pot plants.

Out pot plants are grown in small flower pots. We turn them out of the pot and mail postpaid to the customer with the ball of earth on them, the size and shape of the pot which is matted together with roots.

POSTAGE PAID.

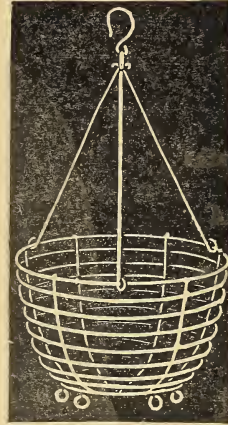

All prices quoted include postage.

Bank of Russellville, Russellville, Ark.
Railway Express Co., Russellville, Ark.

HANGING BASKETS

We believe this to be the best wire hanging basket on the market today. The above is an exact picture of it. You can either hang it up or set any place you may desire. We have baskets 12 inch in diameter for 50c each; if ordered with basket collection 45c. Also 14 inches for 55c; or with basket collection, 50c, postpaid.

Green Sheet Moss for lining the above baskets, enough for 12 in. basket, 15c; for 14 in. basket, 20c, postpaid. Or possibly you live where you can go to the woods and gather your own moss, as many people do.

BULBS FOR FALL PLANTING ONLY

We will have a full supply of Hyacinths in Red, White, Pink and Blue for fall delivery.

Tulips, Crocus, Freesios.

Paper White Narcissus for growing in water and pebbles. Can be had in bloom for Christmas. Will bloom in 5 to 6 weeks after planting. Plant every 2 or 3 weeks and have continuous blooms.

We priced the fall bulbs last year in our spring catalogue and got some of them too high, so we will not make a price now, but will guarantee our prices to be reasonable. Write and ask for prices or just send 25c, 50c or \$1.00 and ask us to send that amount in the variety you want.

"W. V. Taylor,
"Russellville, Ark.

"The sweet potato plants you shipped us last year were received in splendid condition and seemed to give perfect satisfaction to all our customers.

"Yours truly,
"Jefferson Greenhouses, Jefferson, Ia."

Tomato Plants

After having had much experience in growing Tomato plants for both wholesale and retail trade, we feel sure that we will be able to grow plants that will please the most exacting.

EARLY PLANTS

What does a few cents amount to when compared to the quality and quantity received?

PRICES: Post-paid—10 for 15c; 25 for 20c; 50 for 45c; 100 for 75c; 250 for \$1.65; 500 for \$3.00; 1,000 for \$5.00.

If you want a larger amount, write for prices. When it comes to Tomato Plants, we are headquarters.

Arkansas Wilt-Resistent Tomato

This is a new tomato and owing to the scarcity and high price of seed we will be forced to limit our orders to 200 plants to a customer.

The above tomatoes are endorsed by County Agents and they urge you to plant them, especially if you have been troubled with wilt. Read the following statement of County Agent of Pope County.

The Ark. Wilt Resistent Tomato—Tomato was developed at the U. of A., and we feel sure for gardens where you have wilt that this is the safest tomato to grow in this section. It is very much like the Stone and is almost entirely wilt resistant. Wilt affects many gardens of the County and causes the plants to die about the time they begin to bear.

M. SULLIVANT, County Agent.

Mansfield Tree or Mammoth Prize—The seed men claim this tomato to grow 10 to 15 feet in height; begins to ripen by July 4th and continues until frost; firm and almost seedless; fine flavor.

Beefsteak Tomato—Without question king of all tomatoes. The world's unbeatable tomato for main crop. Ripens early and continues to fruit for a long period. Large, splendid keeper; very productive; fine color; flavor cannot be beat. Our Beefsteak seed are obtained direct from the originator, making them genuine.

Pondorosa—Of perfect shape. Very large; extra prolific; early to late. Qual-

ity fine. Color pink. Too well known to need much description. A winner.

New Dwarf Ponderosa or Tree Tomato—A cross between Dwarf Champion and Ponderosa; plant grows about 2 feet.

Stone—A standard, main crop; red, medium early, a fine canner. Very popular.

Dwarf Stone—About the same as stone in tree form.

Acme—Beautiful deep rose; solid; fine for market and family. A real main cropper.

Buckbee's 50-Day—Mr. Buckbee, the originator, claims that good plants will produce ripe fruit in 50 days after set in the ground. Hence the name "50-Day." If it is early tomatoes you want, try this one.

Our customers who have tried this one are very enthusiastic about it and will take no substitute. Our plants are grown from originators' seed only.

"First of All"—The originators claim this to be the earliest, largest, smoothest, finest-flavored, extra early tomato in cultivation. Color rich cardinal red, tough skin, making a good shipper, fine for market or table. Don't fail to try it.

Again we get our seed direct from the originator. Our plants will be genuine.

Earliana—An extremely early, smooth, bright red tomato; good sizes and vines small but vigorous. Bears fruit in clusters.

This is the tomato that delivers THE GOODS.

John Baer—Early, smooth, bright, scarlet; has short, vigorous vines; has less seeds than Earliana and a little later.

Giant Everbearing—A beautiful red, wonderful yielder; ripe fruit from early summer until killed by frost; medium size; for a continuous crop this one is hard to beat. Try it and be convinced.

Condon's Peerless Tomato—Coreless, nearly seedless, solid meat, bright red. The originators claim this to be the best tomato ever introduced. You will be doing yourself an injustice not to try one. A main cropper.

Moore's Old Duke of York CLAIMED BY THE ORIGINATORS TO BE BLIGHT-PROOF.

This is a new one on me, but Mr. Moore, the originator, made such great claims that we wanted to try it. A heavy cropper; ripens evenly to the stem, produces until killed by frost; quality the very best, solid and meaty. A fine shipper.

Bonny Best—Fruit generally borne in clusters. A good, uniform early tomato; scarlet red color.

King of the Earlies—A new tomato. This tomato is claimed to be the earliest, smoothest, early tomato in the world—a tomato above all others. The plant is a

mass of beautiful red fruit. If you want early tomatoes don't miss this one.

Moore's Wonderful Early—This is a new one to us but was introduced by Mr. Moore. Our seed comes direct from the originator, who claims it to be the most valuable large second-early best flavored, bright red tomato grown; not only bears early but also late; ripens evenly to the stem. Be sure and try this one.

Dwarf Champion—The most popular of the dwarf variety in cultivation. Sturdy stocky plants, are of upright growth, need no support. Produces handsome purplish red fruits that begin to ripen early and are produced throughout the season. This variety yields an enormous crop.

Perefection—A standard early red variety. As now grown it is very similar to Chalk's Jewel. The fruit ripens early and bears until frost.

Matchless—A very dependable, large, smooth, second early sort, makes a good canning variety; color, cardinal red.

Red Rock—One among the best ever introduced. Its size, beauty, shape, color, flavor, durability and productiveness makes it desirable to growers.

Snowball—A novelty in tomatoes; color pearly white; firm and solid; early to late; fine for table picking or canning.

Yellow Pear—Solid, fine flavor; small, pear shape; productive; fine for preserves.

Cabbage Plants

Early Jersey Wakefield—One of the most popular of the extra early varieties, not so large but fine quality; very solid fine leaves, sure to head.

Charleston Wakefield—This is a very valuable sort; is only a few days later than the early Jersey but is much larger; is a standard, early variety in the South and proves to be one of the best known for clay and heavy soil; heads solid.

Flat Dutch—Large flat heads.

Prices, postpaid: 100 for 35c; 200 for 65c; 500 for \$1.10; 1000 for \$2.00. Orders large or small thankfully received.

SWEET POTATO PLANTS

We have been growing sweet potato plants for a number of years and up until last year gave most of our attention to the wholesale trade. We are now prepared to give as much attention to small orders as the larger ones. Place your order now that you may be assured of early plants. Send one-fourth of price

with order now. Plants will be shipped C. O. D. As we were not able to fill all our orders last year we will be more potatoes this year, that we may be able to fill many more orders. Will begin shipping potato plants about April 25.

VARIETIES. Nancy Hall or Porto Rico. Guaranteed to reach the customer in good condition.

SEED TREATED. Our potato seed are selected and chemically treated.

Prices delivered—mail or express—100, 50c; 200, 85; 500, \$1.75; 1,000, \$3.00; 5,000, \$2.90 per 1,000; 10,000, \$2.85 per 1,000.

The above prices are the market at the time of going to press. If the market should change we will be with it.

EGG PLANTS.

Fruit a rich, shining purple; cook by cutting in one-fourth or one-half inch slices. Pare and let stand in salt water an hour. Drain and dip in egg and cracker crumbs. Fry brown. Plants from hotbed, 20c per dozen.

GARDEN SAGE.

Grow a few and have plenty of fresh sage or dry sage the year round. Nice plants 10c, or three for 25c.

CELERY PLANTS.

If you like celery, try a few plants from beds, 20c a dozen; 2 dozen 35c. Ready April 1 and later.

PEPPER PLANTS

Sweet or Hot

(Ready for delivery after March 25)

If planted near together sweet and hot pepper will mix, causing all to be hot. We use as much care as possible to get seed that are pure, but as soon as pepper begins to fruit notice and if any small or hot plants appear pull them at once. It matters not where you get your plants or seed this will be a good rule.

Ruby King—a pepper of large size, fine for truck growers. A beautiful ruby red when ripe. Good plants from beds. One dozen 25c; 2 dozen 40c; 3 dozen 55c.

Chinese Giant—Plants dwarf; mammoth sized fruits. A late variety. Does not yield quite as much per acre as some varieties, but is grown heavy on account of its mammoth size. 1 dozen 25c; 25 for 35c; 50, 50c.

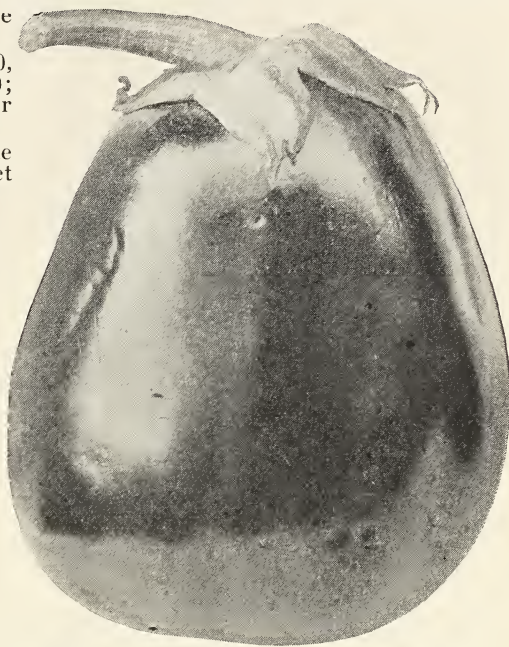

Bell, or Bull Nose—Too well known to need describing; heavy bearer. When ripe bright crimson; large and oblong. 1 doz., 25c; 25 for 35c; 50 for 50c.

Pimento Pepper—Very mild; most all meat; fine flavor, requires rich, moist soil. 1 dozen 25c; 25 for 35c; 50 for 50c.

Hot Pepper—Do not plant your hot pepper near your sweet peppers or it all will be hot. Plants, 1 dozen 20c; 2 doz., 30c; 50 for 45c.

MEXICAN TUBEROSE BULBS.

The best single flowers. Much earlier than others. 6c each; 6 for 30c; 12 for 50c.

Dwarf Excelsior Pearl—24-inch; early bloomer, bearing pure white flowers. Very double and sweetly scented; 7c each; or 3 for 20c; 6 for 35c; 12 for 60c.

Bermuda Onion Plants—Mature quicker, are sweeter, keep longer; plant early. 100, 35; 200, 60c; 500, \$1.10.

W. V. TAYLOR, Russellville, Ark.

Please do not ask us to ship plants C. O. D. without making a payment on them with the order, and remember you will be required to pay the C. O. D. charge, which is 10c extra.

Dear Sir:

Enclosed find order for more plants. Find inclosed check for same.

Your plants were used last year and they were much liked by us.

MR. AND MRS. H. MORSE.

USE STICKERS AND LABELS
to advertise your business.

To get acquainted, send us 25c for
500 address stickers.

Very useful.

MARTIN LABEL COMPANY
Warrenton, Mo.

CANNAS.

The greatest of all bedding plants, of quick growth and tropical appearance. Will bloom until killed by frost. They do best in rich soil with plenty of water. Do not plant in the open until danger of frost is past. Do not plant too deep. The eyes should be barely covered. We do not send out anything but strong two or three roots.

Most varieties should be dug after frost and stored in box of soil where they will keep dry and not freeze.

Any 6 cannas of the same variety for 5 times the price of one. Any 12 of same variety for 9 times the prices of one.

King Humbert—5 feet, large scarlet flowers, bronze leaves; free bloomer. One of the leading varieties. 15c each.

Yellow King Humbert—*Queen Helen*—4 to 5 feet. Flowers rich, clear canary yellow; crimson spots on center. Very large; green foliage. 15c each.

City of Portland—3 feet. Deep pink. foliage green. A new variety, sure to please. This is the same variety some sell for 35c each. 15 cents each.

Wyoming—5 feet. Flowers large, bright orange, slightly rimmed and flaked with rose; leaves rich purplish bronze. Price, 10c each.

Gaiety—4 feet. Reddish orange mottled with carmine. The tongue is yellow and densely spotted with carmine. Price, 10c each.

Mrs. Alfred Conard—3 to 4 feet. The prettiest of all salmon or rose pink cannas. Beautifully rounded petals and shaped flowers; of such a good substance that they keep longer than most varieties of cut flowers. Sure to more than please. Price 15c each.

Venus—4 to 5 feet. An exceedingly beautiful variety; variegated rose pink, mottled near center, edged with creamy white. Vigorous and long seasoned. One you will like. Geen foliage. Price, only 15c each.

Eureka—4½ feet. One of the best white flowering cannas grown. Robust, quick grower, free bloomer; a few placed in bed with red add much to the appearance. Try it and be convinced. Price, only 15c each.

Alemannias—5 feet. Orange mixed with scarlet; an old variety; a hardy grower. 5c each.

President—(New). 6 feet. Flowers extra large, red, high quality; flower stalks strong, holding the flower well above the foliage. Our price, only 15c each.

Brandywine—Fine display of large red flowers dappled with deep crimson; some of the petals are narrow edged with bright gold. Foliage, bronze. Price, 15c each.

Morning Glow—4 feet. Another color contrast of more than usual beauty. Soft shell, pink and orange, red center. Olive green foliage, striped and veined with bronze; novel and fine. Our price, 20c each.

Mme. Crazy Canna (New)—The flowers are borne erect in great leads in such profusion that they crown the plant with a blaze of brilliant vermilion, scarlet, bordered with deep golden yellow. Very popular. 15c each.

Large Tropical Cannas—Grows very tall, large bronze foliage, small red flowers, used mostly for backgrounds. Large roots. 10c each, 2 for 15c.

EXTRA SPECIAL—Many colors mixed. No name or color given; fine roots. Only 7c each.

SPECIAL BARGAIN OFFER—1 each of the 14 named varieties for \$1.70; 2 each of the 14 varieties, 28 in all, \$2.95.

No home should be without at least a few cannas. They increase rapidly. Buy a few now. In two or three years you will have them to sell.

Kingman, Ariz.

W. V. Taylor, Florist,
Russellville, Ark.

Dear Sir:

Please mail me a copy of your catalog of pot plants. The shipment I received from you came through in excellent condition. I have recommended you to several of my friends.

Very truly,
MRS. ROY K. JONES.

BEAUTIFUL DECORATIVE FERNS

Compact Sword Fern—Resembles the Boston, only is more dwarf and more erect and darker shade of green gracefully arched. A good house plant. 15c each, 3 for 40c.

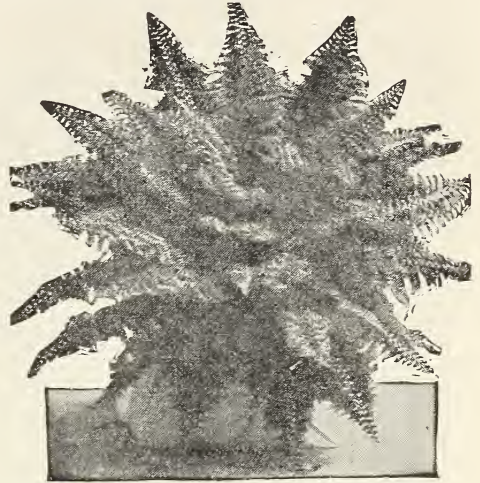

Lace Fern (*Asparagus Plumosus*)—Graceful bright green leaves of delicate form and unusual beauty. A fine house plant or good for window box. Thrives under most all conditions. The foliage cut and put in water will hold its shape and color for weeks. Price, only 15c each, 3 for 40c.

Feather Fern (*Asparagus Sprengeri*)—The plants are of rapid growth and grow freely the year round, producing large sprays. Fine for window boxes or hanging baskets. A fine house plant. When the foliage is used for cut flower work or in bouquets it keeps fresh for a long time. Our price, only 15c each, 3 for 40c.

Boston Ferns—An old standby that is hard to beat. Has long, graceful drooping fronds. Grows very large and is very popular. Price 15c each; 3 for 40c.

New Fern—*John Wanamaker*—This new fern is quite distinct from others ferns, growing rapidly, making an abundance of long narrow drooping fronds. This is a very durable house fern. Price, 15c; 3 for 40c.

Norwood Fern (*Fluffy Ruffles*)—A dwarf compact fern similar to the Ostrich Plume, carrying its fronds stiff and erect. Makes an ideal specimen. A fa-

vorite of mine. Good plants, at 20c; 3 for 55c.

Smithii Fern (*Baby Breath*)—An improvement over the Ostrich Plume; compact; form fronds on wiry stems. Very attractive. A popular variety. Price, 15c each.

Teddy Junior—New dwarf fern, said to produce nearly four times as many fronds as any other fern introduced; fronds are broad and tapered from base to tip. 15c each.

Nephrolepis Splendida—A beautiful, wavy, fluffy fern, guaranteed to please. 15c each.

GLADIOLA BULBS.

The Gladiola deserves a good place in every garden, small or large. Easy culture and fine for bedding. Excellent for cut flowers. Plant any time from April to July, in sunny places, in rows 4 to 5 inches apart or bed out about 6 inches each way, 4 inches deep, and stake. After frost, lift the bulbs, remove the tops, dry a few weeks under cover, remove the roots, store in a cool dry place away from frost. Plant out again next spring.

Mrs. Francis King—A most beautiful flame of pink. Large flowers. Each 8c; 6 for 43c; 12 for 80c.

America—Stands among the best. Large beautiful flesh pink. Will last long time after being cut. Only 8c each; 6 for 43c; 12 for 80c.

Schwaben—One of the newer of the yellow varieties; magnificent cut flower. The flowers all open nearly at the same time. 10c each; 3 for 25c; 12 for 90c.

Mrs. Watt—A rich, clear, wine red. Price, 10c each; 3 for 25c; dozen, 95c.

Peace—Flowers are long, on heavy, straight spike; a beautiful white, with

pale lilac markings. 10c each; 3 for 25c; dozen 95c.

War—Deep blood red, shaded crimson black; flowers very large; borne freely; late. Price 15c each; 2 for 25c; 6 for 70.

Le Marechal Foch—A great novelty; a lily like flower of a salmon pink, with blood red blotches. One among the very finest. 15c each. Sure to please.

Empress of India—Maroon black; very dark, rich and fine. Price 10c; 6 for 55c; 12 for \$1.00.

SPECIAL BARGAIN OFFER—One each of the above named varieties for 75c; 2 each, 16 in all, \$1.40; 3 each, 24 in all, \$1.95.

EXTRA SPECIAL—A mixture of many kinds, no name or color given; good bulbs. Only 6c each; 6 for 32c; dozen for 60c; 2 dozen for \$1.10.

Des Arc, Ark., June 2, 1924.
W. V. Taylor,
Russellville, Ark.

Sir:

Received plants in fine condition. Many thanks for the extra flower plants.

Please include my name for Fall and Spring catalog and oblige.

GEO. J. R. WOOFF.

Caladium Esculentum (Elephant's Ear)

A most effective plant for the flower border or for planting upon the lawn. Will grow in any garden soil, but to obtain the best results it should be planted in rich compose well supplied with water (plant where you will throw lots of waste water on it and watch it grow). Bulbs that will grow nice plants the first season 15c.

Caladium Arborescens—This fine plant, when young, resembles the Elephant's Ear, but grows to immense size as it attains age. Instead of dying down in the fall this grows into a stem or trunk, which retains the foliage through the winter if kept in the sitting room. Plants well cared for will grow to be 8 or 10 feet high. Fine plants from 4-inch pot, 50c. This is one you will like.

Alocasia Illustris—(Blue Stemmed Elephant's Ear)—An excellent plant to grow in connection with fancy leaved Caladium, or for planting in the open. The foliage is dark green, blue stems. In good soil, well watered, will grow about two feet. Fine pot grown plants, 20c each; 6 for \$1.00.

NEW FANCY LEAVED CALADIUM.

They are the most charming conservatory plants. Being of a tropical nature they like a warm temperature, and do quite well out doors during the summer if planted in shaded places. Their beautiful foliage is variegated in an undecipherable manner. One leaf will be dotted, another ribbed and veined with pink, scarlet or yellow. Some give a Japanese effect. Has to be seen to be appreciated. Nice bulbs, 25c each. They create a sensation wherever grown.

Taylor's Choicest Geraniums

Large double; price 15c each; 3 for 40c; dozen, \$1.25.

Eben E. Rexford, in his book on flower culture, states as follows: "If I were asked to name the one flower best adapted to general culture I would unhesitatingly name the geranium as the flower. It is of easy culture. All that is asked is good soil, enough water to keep roots moist but never wet, sunshine, and away from frost."

Geraniums will not stand much water, neither will bloom well in a large pot.

Marquis De Montmart—This is known as the blue geranium. It is more strictly speaking a rich purple; a striking color.

Alphonse Ricard—A most beautiful shade of bright vermillion, large flowers an enormous trusses; a grand variety.

American Beauty—Flowers light red color; large and double. Fine for pots or bedding.

S. A. Nutt (Queen of Crimson)—Said to be the best dark red bedder; a great bloomer; double. A great favorite.

Beaute Poitevine—A beautiful variety with large double flowers of a bright salmon pink; very fine.

Buchner—Plants bushy, large flowers; pure white; fine for pot or bedding.

Jean Oberle—One of the most beautiful among the colors; known as peach or hydrangea pink. Plants strong and free bloomers.

Jean Viand—Among the best large flowering double pink geraniums, color rich deep pink, shading near the base of petals to light pink.

Helen Mitchell—Clear, brilliant scarlet. One among the best.

Mrs. E. G. Hill—A good single geranium and a profuse bloomer of a soft, light salmon. Each petal bordered with rose salmon.

Ivy-Leaved Geraniums—Very fine for baskets either trailing or climbing.

Sweet Scented Geraniums—15c each or 2 for 25c.

Strawberry Geraniums—Leaves nearly round and striped freely with silver bands. Blooms white; 6 to 12 inches high; easily grown. Adapted for use in hanging baskets. Does equally well in sun or shade. Does not resemble the Geranium. Price, only 5c each.

Easter Greetings.

New Everblooming Pelargonium—Flowers large and free blooming; amaranth red; each petal marked with a large black blotch. A fine variety to grow, on account of its long blooming season. Our price, 20c.

Pilea Serpaefolio (Artillery Plant)—A pretty little plant of drooping, graceful habit with fern-like foliage. Is covered with very small pods or blooms. Fine plants, 5c each.

Choicest Flowering Begonias

Corolline Lucerne—Bright coral red, changing to delicate pink. The foliage is dotted with silvery white; will stay in bloom for months. Sure to please. Fine plants only 20c.

Thurstonii—The flowers are a beautiful deep pink in bud, but when fully expanded become a beautiful shell pink. Leaves large and polished or emerald green color, blood red underneath. Very showy. Price, 20c each.

Argentea Guttata—Purple bronze leaves with silver markings. White flowers; fine plants, 15c each.

Pres. Carnot—An extra strong growing variety; stiff upright habit foliage, large and somewhat in style of *Begonia Rubia*; colored on top side; deep green on under side; purplish red flowers, beautiful coral red. Price, 20c each.

Rubia Begonia—The *Rubia* is one among the best *Begonias*; has dark glossy

green leaves; makes wonderful house plant; free bloom. The flowers are scarlet rose color. Price, 20c each.

Metallica—The *Metallica Begonia* has large hairy leaves with metallic lustre; blooms are pink. Price, 20c each.

Beefsteak Begonia (Called by some the Strawberry Leaf Geranium)—The leaves have silver top, red underneath. Flowers pink. Nice plants 15c each, larger 25c.

Begonias Known as the Red and Pink Varieties—Very fine for bedding out or for pot plants. They are great bloomers, almost perpetual. Small foliage, glossy green, turning to a purplish bronze. State color, red or pink. 18c each; 2 for 35c; 6 for 95c.

Rex Begonia—Our *Rex Begonias* are the most beautiful of foliage plants with beautiful colored leaves of enormous size, making an unequaled house plant; sure to please. Price, 20c each.

Dahlia Bulbs

Spade or plow the ground to a depth of 10 inches or more; use a liberal amount of well-rotted manure; lay bulbs flat and cover to a depth of about 5 inches, space each way 3 or 4 feet. Stake when one foot above ground. Cultivate well.

Peony Flowered—Princess Juliana—White; 25c each; 2, 45c.

Mina Burgle—Dark Scarlet. A beautiful sort; 30c each; 2 for 50c.

Minnie McCullough—Golden Yellow tipped with bronze red. Each 30c; or two for 50c.

SPECIAL—A fine lot of mixed Dahlias, 15c each; 2 for 25c; 6 for 65c; per dozen \$1.20.

FUCHIAS.

Ladies' Ear-Drops.

Will grow in almost any soil but does best in a light, open, spongy one. It must be well watered. Do not allow the roots to become dry. A daily shower on its foliage will be a great help. It likes the morning sun or will do well in a partial shade. Never expose to the hot mid-day or afternoon sun.

Black Prince—One amongst the very finest *Fuchias*; grown for the beginner. It makes a shapely bush; robust in growth. Blossoms of a beautiful, waxy carmin or pink color. 15c each, 2 for 25c.

Speciosa (Known as the Winter Bloomer)—Color rich carmine and rose. Remarkable for its bright, glossy green leaves. Too well known to need any further description. Price, 15c each, 2 for 25c.

SALVIA AND DUSTY MILLER

Salvia—Scarlet Sage.

Salvias are easily grown. Set plants in open after danger of frost is past. Plant freely in beds or borders about 18 inches apart. *Salvia* makes a fine back-ground if planted in rows. Pinch young plants back to make them bunch out. They are sure to more than please. Plants ready March 20.

Salvia Splendens—One of the most popular plants through the summer and fall. Plants grow to a height of 3 feet; covered with scarlet flowers. Price, 1 dozen, 20c; 2 dozen, 35c; 4 dozen, 65c; postpaid.

COLEUS.

These are all fine for bedding and as specimen pot plants during winter. They are wonderfully attractive. I do not know of a finer foliage plant than the *Coleus*.

Watch for the white cotton like bugs that get on *Coleus*. Dissolve one bar of Ivory Soap in 1 gallon of water and dip or wash infected plants. Or if you have water with pressure take the garden hose and wash well every few days.

New President Harding Coleus—Bright red leaves with brown, green-yellow edging. A real beauty in the best colors. Only 15c. Satisfaction guaranteed.

Trailing Queen—A free rapid and easy grower. Elegant fringed leaves, blending from pink to crimson, bordered with chocolate markings. 8c each; 2 for 15c; 3 for 22c.

Christmas Gem—Very broad leaves; bright crimson, marked with yellow. Sure to please. Price, 15c each.

New Giant Rainbow (Christmas Queen) Long leaf, richly colored. Many colors,

Zurich Salvia—This is the earliest blooming variety of *Salvia*, flowers produced in such great numbers that they cause the spikes to droop gracefully. The flowers are of a brilliant dazzling scarlet. Plants a mass of blooms all summer and fall. The plants grow to a height of 3 feet and are about the same distance across. Could you imagine anything more beautiful? 1 dozen 20c; 2 dozen 35c; 4 dozen 65c.

Dusty Miller—This plant is used for edging beds of *Salvia*, *Cannas*, *Coleus*, *Geraniums*, etc. Almost too well known to need a description. Silver white leaves. Price, 10c each; 3 for 25c.

ranging from dark velvet to pink, yellow, brown and green. A winner. Price, 15c each; 3 for 40c.

Defiance—New; fine leaves, bright yellow about one-half of surface, in center bright velvety crimson. Our price only 15c; 2 for 28c; 3 for 40c.

You would certainly be pleased with these *Coleus* for bedding out in the open after frost is over.

MANY VARIETIES MIXED—10c each; 3 for 25c; 85c per dozen.

ALTERNATHERAS (Dwarf Coleus)

Used for borders and carpet gardening or good for making initials. Grows about 6 inches high. Will stand shearing. Leaves dark green with pink and red shading. Price, 5c each; 6 for 25c; one dozen 45c.

The Same as Above—Only color is lighter green, with white and yellow shading. Same price.

CAPE JASMINE.

Blooms, pure white; flowers very fragrant. Price, 20c each.

CINNAMON VINE BULBS

Beautiful foliage and dainty flowers, highly perfumed; hardy climber. Once planted will last a life time; vines dying down to the ground each autumn, but growing very rapidly each spring. Grows well in the shade or sun. Does fine on dry land, or on very low and wet land. Good sized bulbs; priced at 8c each; 3 for 20c; 12 for 60c. Extra large bulbs two years old will make a fine vine the first year. 15c each, 2 for 25c; 6 for 60c; 12 for \$1.00.

HIBISCUS.

Where can we find a more striking plant for summer or winter? It is always budding or blooming. Hibiscus in pots are extra fine for the porch or balcony, or for bedding out in summer.

Peach Blow—The flowers are double and from 4 to 5 inches in diameter, of a rich, clear pink with small deep crimson center. Very beautiful. Our price, 15c; 2 for 25c; large size, 40c each.

Rubia—Has large double flowers of a deep crimson color. This is one you will appreciate. Our price, 15c; 2 for 25c.

Large Single Red Hibiscus—Flowers 4 or 5 inches in diameter; one you will be proud of. 15c each; 2 for 25c.

Free Blooming Lantanas.

Surely you will want to try a few Lantanas this season. They are free and continuous bloomers, stand heat and drouth well, when bedded out; fine for growing in pots for specimen plants; can be wintered in a light cellar. Price, postpaid, each 15c; 2 for 25c.

Radiation—A great bloomer; opens orange yellow, changing to brilliant red.

A. Cook—Opens yellow, changes to bright rose.

Sunset—Opens deep orange red, changing to crimson.

Pink Beauty—Silvery rose, soft yellow center.

Violet—Yellow and pink, golden center; changing to pink orange, then to a beautiful violet.

Golden Plume—Gold and yellow; one you will like.

Jacob Schultz—Immense size; opens golden yellow, changing to orange yellow. A beauty.

Weeping Lantana—New weeping plant of great beauty. The plant has a most graceful, drooping habit, grows very rapidly and blooms continually summer and winter, producing large clusters of flowers of the most delicate lilac or rosy-pink. Foliage a dark green. Strong plants, 15c each; 2 for 25c, postpaid.

Grow a few Lantanas this year and you will want many more next year.

PEONIES.

Few hardy Plants are so suited to any position in the garden or lawn as the Peony. The display of flowers is very effective, rivaling the rose in beauty. A good deep rich soil suits them best with plenty of sun, while they do well in any ordinary soil, once planted they will last for years.

Duchess d'Orleans—Medium to large; dark carmine pink guards, center soft pink interspersed with salmon; fragrant; midseason; vigorous growth, very tall; a free bloomer. A profitable cut flower, as it ships well and can be depended upon for an abundance of flowers year after year. Price, only 35c each.

Zoe Calot—Very large; soft pink tinted lilac; fragrant; very full globular bloom; midseason; growth strong, good medium height; very stiff stems; blooms freely. Price, 45c each.

Candidissima—Large; tinged sulphur becoming white; fragrant; rose type; early; blooms freely. Price, 45c each.

Mixed Peonies—Not a cheap lot of undesirable sorts, but a really first class mixture of good named Peonies, the leading commercial varieties predominating. Each 35c; 2 for 65c.

Old-Fashioned Garden Peonies—Pink, white and red. Each 35c, two for 65c.

Vinca Variagata.

Green and white variegated leaves. It grows rapidly out of doors in summer, and is much used for porch or window boxes. An attractive trailer. Price, 10c each.

MADERIA VINE.

A rapid grower; will cover a large space in a short time. Fleshy heart shaped leaves. Of easy culture. Price, 10c each.

SWORD CACTUS.

A large growing plant. Has white flowers about 4 or 5 inches in diameter; night blooming. Price, 15c.

25c and 50c, according to size. Yes, everything is postpaid.

OLEANDERS.

An old time favorite for porch or lawn decoration. Give rich soil and plenty of water in growing season. May be wintered any place that does not get freezing. Pink or white. State color. Price, 20c each.

Leaves and stem are poison if taken in mouth.

Oleanders—Mixed, 15c each.

Madagascar Periwinkle
or *Vinca*.

Blooms the entire summer season, growing about 2 feet high; very bushy. Good for growing in pots and better for borders or beds. The more you plant the better you will like them. Pot grown plants; 10c each, 3 for 25c; from hot bed, 25c per dozen.

IVIES.

Parlor Ivy (German Ivy)—For hanging baskets; no trouble; extra fast grower. 10c each, 3 for 25c.

Money Ivy—One of the best ivies grown; extra fast grower; foliage green and round; leaves are the size of nickels, dimes, quarters, half dollars and dollars. The leaf is borne from a stem in the center, giving a parasol effect. A real good one and only 10c.

Boston Ivy clings firmly to any wall, building or tree; green leaves in summer, changing to red in the fall. Hardy pot grown plants, 20c.

English Ivy (Queen Victoria)—Hardy, evergreen climbing vine; dark, glossy green leaves. Much used for cemetery work or covering of stumps, trees, or walls. Also good for house culture. Price, 15c.

Variegated Ground Ivy—Green leaves spotted with white. 10c each.

GIANT MOON IVIES.

Great Climber; extra fast grower. Has large, white flowers, which are produced in abundance. Price, 10c each.

This is what you want for porch or window shade. An annual reaches maturity the first year.

SULTAN'S IMPATIENS ZAN-
ZIBAR BALSOM.

Almost a constant bloomer. Has blooms about the size of a half dollar. Salmon pink, white and red. 10c; 3 for 25c.

THANKSGIVING CACTUS.

Blooms for Thanksgiving; long drooping scarlet flowers. A free bloomer; easy culture. Price, 15c.

WATER HYACINTHS.

Fill bucket about half full of good soil. Pour in water until it will stand 2 or 3 inches deep. Place the lower end of the roots in soil and let plant float in water. Has fine blooms borne on spike of bluish color. Price, 15c; 2 for 25c.

ICE PLANT.

A trailing plant for hanging baskets or the garden. Foliage very thick and shiny. Appears as though covered with ice crystals. Small red blooms. Price, 8c each; 2 for 15c.

PANSIES.

Plants should be planted out very early in the spring. For fine, large flowers, use one-half well rotted manure and one-half soil. We have a fine mixture of good plants. 5c each; 6 for 25c; one dozen, 45c.

CIGAR PLANT.*Culpea Platycentra*

A small growing plant. Flowers scarlet color; cigar shape. I do not know whether they bloom all the time or not, but I have plants that I received nearly a year ago, all of which have bloomed ever since. Price, 10c; 3 for 25c.

ZENIAS

Zenias—Hardy annual begins to bloom early and continues until frost; fine lasting cut flowers; long stems; a real favorite; new; double giant flowered; pot grown 5c each; from beds 20c a dozen.

SANSEVIERIA ZEYLONCAI*(Zebra, Snake or Tiger Plant)*

Just the plant to grow in sunless windows, dark or heated rooms. Will stand almost any amount of neglect, yet hold its thick, fleshy green clouded sword-like leaves in this graceful position. Our prices, postpaid, only 15c.

Golden Glow.*(Double Rudbeckia)*

Bears immense masses of large, round, golden yellow flowers for weeks. Plant out in garden. Roots keep through the winter in ground. 10c each.

Chrysanthemums.

(Indoor Variety)—One of the finest flower growing; in my opinion, the king of all bloomnig house plants. Flowers will keep for a long time after cutting. Get your plants now; plant out in open garden. In September pot in a 6-inch or larger pot. Keep from frost and well watered. Prices on all the following, 15c each; 2 for 25c.

Nagaya—One of the best late varieties. Blooms about the last of December. Color, bright yellow.

Chrysolora—This fine new variety can be described as a standard yellow, early variety.

Harvard—A good, large flowered dark red.

Edwin Seidwetz—Late. Bright pink.

Black Hawk—Large, dark red; velvety.

William Turner—One of the finest of the larger flowering Chrysanthemums. Beautiful white.

Betsy Ross—Large, pure white. A very popular variety; sure to please.

White Chieftain—An ideal white.

Yellow William Turner—One of the brightest yellow Chrysanthemums; a standard variety.

Purple King—Fine tall double globed shape flowers; the nearest approach to purple.

Heliotropes.

A great favorite, very fragrant, a fine bedder in the summer; also a good pot plant for winter use and a great bloomer. 10c each, 3 for 25c.

FRENCH HYDRANGEAS.

These plants are adapted for pot culture or for the garden in summer only. By thoroughly mixing one-half lb. alum to one-half bu. soil to pot them in they will bloom blue.

Gen. DeVibrage—Large, bright rose flowers; a fine variety and very popular. In order to move they will sell nice plants 20c each.

Emil Moullin—One of the finest sorts; very large flowers; pure white, with rose carmine eye, and only 20c each.

Mixed Hydrangeas—We have a fine lot of Hydrangeas mixed. Our loss is your gain. 10c each.

Give very little water; too much will rot the plant off.

ACALPHA.

(Fire Dragon)

Rich and beautiful mottled and blotched with crimson and scarlet or green background; summer heat has no effect on its markings. Price, 15c each; 2 for 25c.

Mammoth Verbena.

A very popular and useful bedding plant; to keep blooming in best condition keep all old flowers cut off; a severe clipping will make a still better plant. A fine collection of mixed colors. Each 8c; 3 for 20c; 6 for 35c.

ROYAL PURPLE PLANT.

The leaves are beautiful variegated, with a deep metallic purple; for beds and borders; also a fine pot plant. Price, 15c each.

The Comet Plant (Acalpha Sandril)—Leaves are dark green, from the axil of each of which springs a long, drooping spike of glowing crimson-scarlet, nearly an inch in diameter and from 18 to 24 inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. Exceedingly curious and interesting novelty; unlike any decorative plant. Bound to have a large sale on account of its oddity and rarity. Price, 15c each.

Brazilian Plume Plant.

(Justicia Carnea)

This is a good pot plant, blooming profusely, commencing to flower when young, a strong rapid grower and throws long shoots, each of which is tipped with a plume like flower. Color pink. This is one that you should not overlook. Only 20c.

Banana Orinoco.

One of the most interesting plants to grow. If planted in the spring in a sunny, well watered location will grow first season to a height of 10 or 12 feet. The leaves are about 6 feet long. Will produce a new leaf every seven days. They can be wintered in a cellar without water. A great novelty to see growing. Good plants, 50c and \$1.00 each.

PETUNIAS.

Large double fringed, a variety of colors; mixed. Price, 10c, 3 for 25c.

Ruffled Monster—This Petunia is one of the largest in existence, several colors mixed. Price, 10c each, 3 for 25c.

Singe Petunias, mixed colors, from hot beds, 20c dozen; 25 for 35c.

WANDERING JEW.

(Tradescantia)

Too well known to need describing. A rapid grower; excellent in hanging baskets, vases or window boxes. We have two varieties, variegated, that are fine, Yellow and Green; also Red and Green. Then we have the solid green, large. The largest grower of all. We also have the small solid green. One of any variety for 8c; one of all four varieties, or four of any variety, 30c. Fine rooted cuttings, any variety, 5c each; dozen 45c. Be sure to state what color wanted.

Abutilon Eclipse—Trailing in habit; fine for box or basket; flowers bright yellow with crimson throat. 15c each.

Old-Fashioned House Leek, 10c.

Shasta Daisy—Huge white flowers; long stiff stems; hardy. 10c each.

Rudbeckia or Cone Flower—10c each. Flowers freely from August to October.

Hardy Hollyhocks—Double, red, white, pink, yellow. 15c each. One each of four colors 50c.

Pinks—Hardy sorts, 15c; two for 25c.

Saponaria—A beautiful annual. Plants from hot beds, 20c dozen; pot plants, 5c.

Roses

These pot grown roses may be planted successfully any time from now until the middle of June.

The ideal garden has many roses in it. Roses here, and there, and everywhere. There cannot be too many of them. They will bloom well, comparatively speaking, in ordinary soil, but must be given very rich soil if you want them to do their best. Work plenty of old manure in soil

and grow specimens. The rose likes heavy soil, it prefers clay loam instead of sandy loam.

Climbing Columbia—A hardy, ever-blooming pink climbing rose. Buds and blooms immense size; borne on long stems ideal for cutting. Petals large, color clear, imperial pink. Many have been wanting this rose, but this is the first time we have been able to offer it for sale. 25c each.

Columbia—Ever-blooming, flowers are very large, being a giant pink. A rank grower. Blooms with great freedom. Buds are borne on long, stiff, straight stems. Very fragrant. Color clear imperial pink, deepening as it grows to a glowing pink. Fully double. Fine for garden culture. Price, pot grown, 20c.

Alexander Hill Gray—A large, pure yellow. Similar in color to the Marechal Neil. Large, full flowers with high pointed centers. Free producer; robust, vigorous and erect. Pot grown, 15c.

President Taft—One of the best of all pink roses, being a deep pink. This is a beauty, sure to please. Pot grown, 20c.

Marechal Neil—Golden yellow. Its magnificent flowers have been admired the world over. A very rapid grower; an extremely good bloomer. Has to be seen to be appreciated. Fine pot grown plants, 20c each.

Crusader—A big, strong, growing variety. Blooms big and double. Color, a rich velvety crimson. Flower stems are strong and heavy. A good growing and free blooming variety. Fine pot grown plants, 20c each.

National Emblem—Buds long and pointed; large when open; very beautiful; flowers freely and continuously all season. Double. Color, dark crimson. Pot grown plants, each 20c.

Climbing American Beauty—Color, rich glowing crimson. Same color and qualities as the American Beauty, only this is a climber. Pot grown plants, 20c.

Climbing White Dorothy Perkins—The flowers are of a brilliant glistening white. Pot grown plants, 15c.

Baby Doll or Tip Top—Golden yellow. 15c each.

Jonkheer J. L. Mock—Large flowers, erect stems, heavy foliage, quick growth, rich pink; a rose among roses. 20c each.

Kaisehin Augusta Victoria—White. A real rose. 20c each.

Sunset—A beautiful pink; blooming all season; large buds. 10c each.

Clothilde Soupert—A fine bedder; produces large quantities of medium-sized roses; the color effect is beautiful. Ivory white shading toward the center to bright silvery pink. Everybody's rose. Everblooming; price, 10c each.

White Maman Cochet—A magnificent white rose with a tinge of pale blush; everblooming; quite hardy—a queen among roses. 15c each.

Sunburst—This giant yellow rose is a fine forcer; ranks high in its class; color orange copper; everblooming.

Ophelia—Strong growth; flowers on long stems; attractive buds; rich shade salmon flesh, shaded with rose. Be sure to have Ophelia fixed in your memory. 20c each.

Killarney—Very fine; pink; everblooming. 15c each.

American Beauty—Red; enough said. 30c each.

Climbing Ophelia—Same as Ophelia, only climbing; pink, 20c.

Mrs. R. B. Cant—A fine garden variety. Roses round and full; color bright; rose, 15c; two for 25c.

Thousand Beauties—First opens white shaded with pink, changing to rosy carmine. It gets its name from the many flowers and variation of color. Price 15c; two for 25c.

Souvenir De Pierre Notting—Beautiful long bud, large blooms, orange, yellow bordered with carmine rose. Pot grown, 15c each.

President Carnot—Very popular, large full and double, heavy thick shell like petals, buds long and pointed, rosy blush color. 15c.

Mme. Butterfly—Bright pink, apricot and gold. 20c.

CARNATION

The popular national flower. Very duple; last a long time for cut flowers; red, white and pink. 15c each.

Hardy Phlox—One amongst the best hardy plants grown. Produces a large bunch of beautiful flowers on a tall stem about two feet high. Each plant makes a boquet. A wonderful plant guaranteed to platse. Once planted will grown from year to year. Colors, Red, White and Pink. 20c each; 2 for 35c; one each of the three colors for 50c.

Phlox Drummondii—A hardy mush-like annual, unequalled in the fine display of their many and brilliant colored flowers; of easiest culture; blooms profusely through a long season; for beds or borders. Plants from hot beds, 20c per doz.; pot grown, 5c each; mixed colors.

Snap Dragon—A border and bedding plant of long blooming season. Long showy spikes of curiously shaped tubular flowers. Many fine colors mixed. Pot grown plants, 5c each.

Allysum—A fine small growing plant for borders or beds. White or Lavender. Price, pot grown, 5c each; 50c per doz.

Colla Lily—Beautiful large, green leaves. Flowers large and held high on stiff stems; blooms white; pot grown, 15c.

Amargyllis Johnsonii—Tall spikes crowned with several large blooms; salmon red color. Will not bloom first year. 15c.

Aster—Early and profuse bloomers. Wide range of colors mixed. Plants compact of branching habit, 16 to 18 inches high; fine for cut flowers. Pot grown, 10c, three for 25c.

Everblooming Butterfly Bush—Plant either in fall or spring. Makes a beautiful blooming plant first summer. Lilac colored flower. Pot grown, 15c.

Red Hot Poker Plant, Tritoma—Large beautiful spikes of orange scarlet, ever-blooming. Succeeds in any ordinary garden soil but responds quicker to liberal treatment; hardy if given protection. Best to bury roots in sand where they will not freeze. Our price, only 25c.

Ageratum—Blue perfection for massing, bedding, edging or potting; beautiful blue flowers in abundance, 10c.

Moss—A moss like plant, thick green; long, round leaves. Plants 10c, rooted cuttings 5c.

Antigonon Leptopus Mountain Rose—A lovely fast growing climber with beautiful rose colored flowers in racemes two feet long. The profusion of blooms is such as to give the resemblance of a rose. Fine for covering porches and trellises. 30c each, and worth it.

Delphinium—Hardy Larkspur. Long spikes, blue flowers from June until fall. All should try it. 25c.

Digitalis (Fox Glove)—Perennial; easily grown; will give a wealth of flowers in July and August. Mixed colors; 20c; two for 35c.

Russellia Elegantissima—Especially fine for hanging baskets, window boxes, Covered with coral and flowers. 10c each.

Ozan, Ark., May 16, 1924.

W. V. Taylor,
Russellville, Ark.

Dear Sir:

I received the potato slips today all O. K., in good shape, and they are splendid slips. I thank you for the same.

Yours truly,
A. L. LALLET.

Prescott, Ark., May 12, 1924.

W. V. Taylor,
Russellville, Ark.

Sir:

I received my potato plants in good condition and am well pleased with them.

Hope you a happy success in the future.

D. B. BRAGG.

Crepe Myrtle.

Burbank's Wonderberry—Claimed by seed houses to be Burbank's greatest production and unsurpassed for eating raw, cooked, canned or preserved. Succeeds anywhere; easily grown by any one. Try it, you might like them, while we cannot

personally recommend them. From beds, 20c dozen.

Burbank's Perfected Sunberry Plants—20c per dozen.

Magnolia Glandiflora—Will grow into a large shade tree; big glossy green leaves year around. Blooms white, six inches or more in diameter. Pot grown plants 10 inches in height, 50c postpaid.

What you have been wanting at a price you will gladly pay.

English Mint, 15c, three for 25c.

Rhubarb Roots—Rhubarb is the earliest plant you can pluck from your garden in the spring that makes fine pies and sauces. Nice large roots. 10c each, three for 25c.

Washington Asparagus—One of the best; it has thick and heavy shoots, long and straight and closely folded tips; rapid grower. Set 4 inches deep; fertilize well. Price, 6 for 20c; 12 for 35c; 25 for 60c.

Horse Radish Roots—For best results plant in a moist partly shaded corner. Save the high cost of buying prepared horse radish and have something better. Nice roots, postpaid, 2 for 10c; 3 for 15c; 6 for 25c; 12 for 40c.

Garden Sage, 10c, three for 25c.

Catnip, 10c, three for 25c.

UMBRELLA PLANT.

Should be grown in a bucket about half full of good rich soil then filled with about 2 or 3 inches of water. Always fresh, green and attractive. Stems will grow about two feet high, surrounded by whirls of leaves. 15c each; 2 for 25c.

Or may be grown in pots if kept well watered.

Panderosa Lemon—Easily grown in pots. Fruits 8 to 10 times; the sizes of ordinary lemons, and makes as good or better lemonade. Can be used for anything that other lemons are used for. Everbearing blooms, very fragrant. Will begin fruiting at 2 or 3 years old. Nice plants, 20c; larger plants, 45c.

Olaheite Orange—A fine pot plant; glossy green leaves; blossoms very fragrant; fine plants, 20c each.

Do not overlook our Sweet Potato and Tomato Plants.

FREE! FREE! FREE!

We have instructed our employees to put something extra as a free premium in all orders filled this year. No order for anything will leave our greenhouse without something extra. This applies only to orders accompanied by remittance. The larger the order the more it will be, entirely our selection.

Hyacinthus Candians, Giant Summer Hyacinths—A stately bulbous plant with large yowcca like leaves growing 2 or 3 feet tall; flowers pure white, produced on long whip like stalks 20 to 40 on a stalk. Plants are hardy, getting better each year. Fine bulbs, 15c each.

Iris—A beautiful hardy plant, color light blue. 10c each.

Clematis Paniculata—Star shaped flowers, creamy white color, fragrant; a good climbing vine and hardy. 25c per plant.

Crown of Thorns, or Euphorbia—It is claimed that on the rocky hills of Judea, and in the immediate neighborhood of Jerusalem this emblematic plant is found. A very peculiar pant, thorny with a few green leaves and several light rose colored blossoms. It has been sometimes claimed the "Crown of Thorns" worn by our Savior made from this plant. Small pot plants 15c; larger plants 30c.

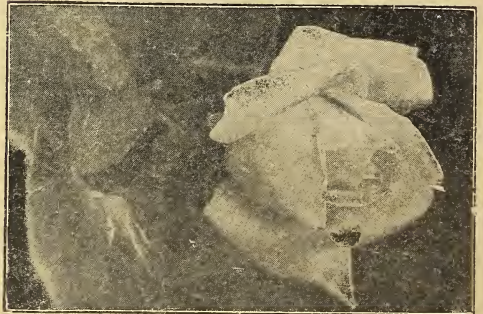

Staphelia Cactus—A real novelty hard to describe in words. Has a peculiar star shaped bloom with raised circle in center with another star in the circle. A brownish yellow color. 15c, 2 for 25c.

Confederate Jasmine—A hard wood climber, or can be trained to bush form; large bunches white flowers; Jasmine perfumed, 25c.

Cestrum Paqui—Night blooming Jasmine; beautiful white flowers; produced in clusters; highly perfumed at night; a tender shrub. 15c, two for 25c.

Cestrum Deinum—Day blooming Jasmine; sweet cented, white flowers; a quick growing evergreen shrub. 15c, 2 for 25c.

See Pages 14 and 15 for Your Rose Selections.
